

5-year Assessment Study (1998-2003)

Prof Janet Lawrence & collaborators

Center for the Study of Higher and Postsecondary Education

Model: National PFF sunset review (based on preliminary report)

PFF & CSIE conclusions are the same for:

- advantage: departmental model - connect to discipline
- additional benefits from dual departmental & institutional foci
- institutional-only model is difficult
- integrating science disciplinary societies is difficult
- time-to-degree unaffected
- minimal to low impact on partner institutions
- moderate to high impact on PhD student learning

PFF & CSIE conclusions are different for:

- | | | |
|---|------------------------|------------------------|
| • per-student cost | PFF
~ \$0.7K | CSIE
~ \$30K |
| • impact on the faculty & program in doctoral depts | No to Min | High |
