

Carleton College 2006 CSEQ Supplemental Questions

We'd like your feedback on particular kinds of learning you've engaged in here at Carleton. Please take a few minutes to respond to the questions below focusing on only one of the courses you are taking this term. We know that not everything happens in a single course, so don't worry that responding "not at all" will be taken as criticism of the course.

1. This section asks you to focus on a single course in which you are enrolled this term. Which division is that course in?

- A = Arts & Literature
- B = Humanities (history, religion, philosophy)
- C = Natural Sciences and Math
- D = Social Sciences

Please use the following scale when answering the questions below:

- A = not at all
- B = somewhat
- C = quite a bit
- D = very much
- E = don't know

The courses you are taking this term have helped you:

2. Locate information needed to understand problems.
3. Evaluate information needed to understand problems.
4. Locate information needed to solve problems.
5. Evaluate information needed to solve problems.
6. Create information yourself.
7. Learn information on your own.
8. Effectively communicate in writing.
9. Effectively communicate verbally.
10. Effectively communicate visually.
11. Effectively communicate in more than one language.
12. Recognize qualitative claims (based on field observations, interviews, etc.).
13. Recognize quantitative claims (based on numerical data).
14. Evaluate qualitative claims (based on field observations, interviews, etc.).
15. Evaluate quantitative claims (based on numerical data).
16. Make sound arguments.
17. Practice analyzing and solving problems.
18. Analyze and solve problems in new situations.
19. Recognize when you are learning.
20. Use what you are learning.
